## What u need:

- t-shirt yarn (i used 450 g of black recycled yarn from a t-shirt)
- 8mm hook
- Stitch marker (I like to mark my first and last stitch)

## Let's begin:

Chain 40 + 1, turn

R1: (work in the bottom loop), slst in 5 st, sc in next 30 st, slst in last 5 st = 40

R2-30: (BLO), slst in 5 st, sc in next 30 st, slst in last 5 st.

Fold in half, ch 1, insert hook in both corner st and make a sc, ch 45, insert hook in opposite two corner st and make a sc. fasten off and cut

Insert yarn to bottom corner, sc in back loops to connect the sides, sc around the handle, sc in back loops to connect the opposite side. Fasten off and cut

Weave ends

Cut strings in desired length & place where you want on the bag.

Now you have a finished cute bag
